TANNING SKINCARE

FEATURES:

- Bronzer-Free
- CBD pH Balancing Agents
- Collagen Boosting
- Tea Tree Oil - Anti-inflammatory properties
- Calming Lavender Aromatherapy
- Herbal Fields Fragrance

BENEFITS:

- Plateau breaking dark tanning intensifier that allows for natural dark tanning results
- CBD – Contains 200mg of Cannabidiol
- pH Balancing Blend make this ideal for use not only in UV light – but also red-light and as a cocktail tanning product
- Hyaluronic Acid – Helps to boost collagen and elastin in the skin
- Tea Tree Oil – Absorbs excess oil, detoxifies, and reduces inflammation while aiding in improving acne prone skin.
- Coconut & Hemp Seed Oil for natural skin softening
- Advanced Matrixyl Synthe 6 – Powerful anti-aging peptide that reduces the appearance of fine lines and wrinkles for long lasting results.
- Blended with multiple accelerators that work to target color production and achieve fast, dark tanning results.

KEY SELLING STATEMENT:

Devoted Herbal CBD Tan Enhancing and pH balancing lotion is formulated for use indoor, outdoor and/or with light therapy. Added pH Balancers and dark tan enhancers make Devoted Herbal CBD your best bud for the bed, the beach or red light therapy. Natural acne combating oils and extracts, combined with calming lavender, hemp seed and coconut essential oils allow your skin to drift off into a realm of relaxation. Formulated with ginger root extracts to open pores and create maximum absorption for this unique CBD Isolate Formula.
