- FreshTek™ – Proprietary blend of deodorizing and skin freshening ingredients.
- Blended with multiple accelerators that work to target melanin production and achieve fast, dark tanning results.

KEY SELLING STATEMENT:

DC Black Tulip™ is inspired by the beautiful tulips grown in Holland. Known as one of the rarest flowers in the Netherlands, the 'Black Tulip' develops such a dark, beautiful, long lasting color that we were able to emulate this phenomenon and develop a skin softening bronzing lotion that will aid in achieving the deep, long lasting, sought after color only available in the rarest of formulas. For color as exquisite as you are, bloom baby, bloom!
