

GOING DARKER DROPS™

DHA Bronzing Drops
"Control Your Color!"

devoted
creations®
TANNING SKINCARE

FEATURES:

- Lotion Additive Bronzing drops
- Highly Concentrated DHA Formula
- Color Control Formula
- Melanin Stimulators
- Banana Fruit Prime Enzymes
- Acai Berry Antioxidants
- Pink Sugar Fragrance

BENEFITS:

- Going Darker DHA Bronzing drops can be added to any lotion to increase the bronzing intensity.
- Completely customizable by adding as many drops as desired to your Devoted Creations' brand lotions or tan extenders.
- Multiple melanin stimulators work to target melanin production and achieve fast, dark tanning results.
- Added Banana Fruit Prime Enzymes provide anti-aging benefits, as well as ideal levels of moisture to help maintain dark bronzing results.
- Acai Berry is utilized as a powerful antioxidant to fight free radical damage.

KEY SELLING STATEMENT:

Boost your color with Devoted Creations Going Darker Drops™! You can add a little or a lot to your Devoted Creations lotion to take your color from now to WOW! For airbrush results without the wait, just tell them you are 'Going Darker'!
